4. Good News and Progress in our Schools

Dr. Lishak invited Mr. English to the podium. Mr. English is a member of the Referendum Reporting Committee. We had a meeting a couple of weeks ago and Mr. English will provide an update on the referendum.

Mr. English reported that there was a meeting on June 5th at the administration building. There were four members of the board in attendance. The committee spoke about a number of things. The town decided to put thirty million dollars into existing programs, existing buildings, to bring them up to modern times. That is exactly what we are doing. It couldn't be done in one year so it is being

spread out over three years and the summer will be the middle of the second year.

Most of the Science rooms in the High school will be refurbished and modernized. A STEM Room will be added so that we can meet challenges of the twenty first century for our students. The Middle School HVAC units are up on the roofs already so that once school finishes next week, installation can begin.

Mr. English said that if anyone has gone past Jost Field you've seen that the visitor's bleachers are all brand new and look wonderful. We couldn't take the home bleachers down yet because of graduation. Starting next Monday, we will be refurbishing the main bleachers. At the same time, we will be starting to tear apart the track and then installing a new track, new fencing around the track and we have sent in the plans to totally redo the field house so that it can accommodate two football teams in one building at one time so our football team doesn't have to go to another school in order to get ready for a football game. That field house will be done next summer. Because of the existing electrical ground wires and available site plans, we had to make a little change in the plans for the field house. We are doubling it in size and it should be ready to accommodate any and all of our teams.

Mr. English said that some of you with young children in the recreation programs know that some of the schools will be closed this summer because they are working inside. The Middle School gym is going to be open, Roosevelt School is going to be open and the PAL building will be open. It's going to be a little bit of a change from what we had before. If you need to know any of the information, the big white boards that are in front of every one of the schools have a check mark if that work is done. If you haven't seen a check mark yet, that work is in progress. The next Referendum Reporting Committee meeting will be held in September.

DISCUSSION:

Mrs. Boyle said that the Mott MacDonald contract has a certification that no donations are made to Mayor and Counsel and that we should also have a certification that no donations for campaigns were made to board members. Mr. Damato said that he will look at it but he thinks that is a standard form and that has anybody that has to do with election in the county.

Mr. Zitomer asked Mrs. Boyle if she is referring to the Pay to Play Form. Mrs. Boyle said that form lists the Mayor and Counsel, every member, and it says that the company has not given campaign funds to anybody on the Mayor and Counsel but it should also list that no campaign funds were given to anybody on the Board of Education. Mr. Zitomer said that the Pay to Play form doesn't just cover the Borough, it covers any type of elected official. Mrs. Boyle asked for the form to be checked on.

Mrs. Boyle said that we have a lot of really great employees that are part of Sodexo and she said that she knows that we don't have control over it but she hopes that the new food service management company will consider hiring some of those employees at their current salary.

Mrs. Boyle asked what happens with the thousands of dollars that are owed by the students. Mr. Damato said that those debts are still owed to the district and we handle them the same as we have handled them in the past. Mrs. Boyle asked if we will still be able to collect those funds and asked what will happen with the upcoming year with the families that owe that money. She asked if they will be allowed to participate in the food program. Mr. Damato said that we've had policy discussions on this for a long time and what we have found is that in many cases there were extenuating circumstances where these kids' parents for some reason or another just didn't apply for free and reduced price lunch, but, nevertheless were eligible for it. Most of those charges were reversed out. We will send notices to those that truly owe and will try to get this resolved. Mrs. Boyle said that she does not want to see the student not be able to have lunch and it should be the family responsibility. She said that she knows that we have a policy that we have done and redone many times but she believes this is important to ask again.

Mr. Damato said that the debt is owed to district so that is not going to go away. A child who is returning the following school year will still show a balance on their account. Mr. Damato said that the proposal this time is to switch food service vendors so there may be some transitional issue with rolling over the information but we are going to work on that and it does entail a great amount of work for the entire POS system that they use in the cafeteria. All of the account information should roll over.

Mrs. Boyle asked if the funds for the special legal services are coming from the referendum funds. Dr. Lishak said that anytime we would use special counsel and it is related to the referendum then, yes, it will come out of the referendum funds. Anytime that the board decides that they need to use special counsel for another reason and it's not connected to the referendum that would have to come out of general funds.

Mrs. Boyle said that the way she read it she didn't know it was coming out of district funds for special legal counsel and she said that she is hoping that there are no programs denied because we have to use any funding from the district, including salaries.

Mrs. Boyle asked if "six flags" listed on the bills list was for the trip for the music students. She said that it is not specified. Mr. Damato confirmed.

RESOLVED, upon recommendation of the Superintendent of Schools that the Board of Education approve the foregoing resolutions.

XVI. BOARD MEMBER COMMENTS

Mr. Chapman said that Mr. Cassio wanted him to pass along the message that he is sorry that he couldn't be here tonight and he wanted to wish everyone a good summer and also thank everyone for their efforts this year.

Mr. Chapman personally thanked Mr. Damato as tonight is his last board meeting with us and the job that he has done as our Business Administrator for the last two years was phenomenal. Mr. Chapman said that Mr. Damato has really straightened up the finances in the district and cut out a lot of the waste.

Mr. Chapman also thanked the board for voting to keep the adult school. It is a very important thing for our community and the people will enjoy that. Mr. Chapman thanked the teachers for another great year and for their outstanding efforts that they gave to our children. The school district wouldn't be the same without everyone. Mr. Chapman also congratulated the students on a fantastic year and congratulated all of the graduates as well.

Mr. Giannakis congratulated Aria Rathore for winning the tiger logo contest. He also congratulated all of the retirees and thanked Mr. English for his report on the referendum. He commended the Grant School students and their teachers on their efforts and presentation this evening.

Mr. Giannakis said that as far as the negative lunch balances go, the board has had numerous discussions on the policy. He said that you can't punish a kindergarten kid and take away their food for a parent not paying that bill. While this is a tremendous problem across the State we are not exclusive to this. There are rules in place where after a second letter is sent home you can cut the child off but he doesn't believe that is the right thing to do. These kids could have nothing else to eat for the rest of the day. This is an ongoing issue that has been discussed in policy and at other meetings.

Mr. Giannakis said that as far as the referendum goes, Mr. Damato, has saved us tens of thousands of dollars in general contractor and legal fees for all of the projects that we have been doing. So rather than going out to hire a general contractor, we have Mr. Damato coming on as special legal counsel and he will be paid to watch all of these projects going forward and it will still save us money. Mr. Giannakis said thank you to

Mr. Damato. He has been here for two years and has left us in the best shape we have ever been in. He said that Mr. Damato left us better than he found us and he cannot say enough about his work ethic. Mr. Giannakis also congratulated all of the graduates and wish everyone a wonderful, safe and happy summer.

Mrs. Boyle said, as Mr. Chapman stated, we are very glad that the Adult School is going to stay. She said that she thinks it is important for the people in town to be able to continue higher education. Mrs. Boyle told Mr. Damato that he has always answered her questions no matter what it was. She thanked him for all of the time that he put into the district. She said that she knows that he did oversee the referendum and all of the projects and he will continue to do so. She said that she thinks it is extensive that she is going to be here for that. She thanked him and said that although this is his last board meeting she knows that we will see him again for reports.

Mrs. Boyle congratulated the retirees. She said that Pat DeSantis' grandson is graduating tonight and she would like to come back in July to receive her certificate.

Mrs. Boyle said, for the past six years the South Plainfield Women's Leadership has done presentations at the Middle School for 250 young ladies every year. We brought in the Attorney Governor, we had the engineer for the George Washington Bridge, Nancy Grennier of the Observer came in to talk about how she started her paper. We had Superintendents come, Dr. Ruberto, Dr. Lishak wasn't able to attend last year, this all gives these students an idea that whatever they dream or want to be that they are able to do that through these women that come in to speak about leadership. This year's annual essay contest was partnered with the Suburban Women's Club. There were three winners out of thirty applications from the high school. First place was Emily Resal, second place was Makayla Sosa and third place was Aysten Kitchens. Their essays on Amelia Earhart showed how much research they put into it. Also, congratulations to all of the graduates. She also wished everyone a great summer.

Mrs. Wolak said that she wanted to echo what everyone else said with congratulations to the retirees. She also said that the presentation that kids did today was terrific.

Mr. Both said that he wasn't here last week for the COW meeting but there is a group of athletes that needs some acknowledgement. On June 8-10th we sent 20 special needs athletes down to TCNJ for the Special Olympics. They came home with 47 medals.

Mr. Seesselberg congratulated the retirees and thanked the teachers and students for another successful school year. He thanked Mr. Damato for everything that he has done, not only as Business Administrator and Board Secretary but for helping to get the referendum projected started and kept on track.

Mr. Damato said that this is his last meeting so he has to say a few words. It has been an absolute honor and privilege to serve this community. You are awesome people. This is an awesome town. He said that he loved my time here as business administrator. He said

that it's not only him and a lot of credit goes to the team that we have in central office. Dr. Lishak, Ms. Malyska, my Assistant Business Administrator, Steven Fried, my secretaries, Amy Cicenian and Debbie Schroeder. Not only are they coming to the meetings but they are doing a phenomenal job with putting up with me and getting all the work out so it's been a great two years. He said that he thinks that the last month has been enough to just about run everybody into the ground but he appreciates all of the efforts of Central Office. He said that they made his life and his job easier. He thanked Central Office and the Board of Education.

Dr. Lishak said to Mr. Damato that he has been with her for a very long time. She said that he is her right hand and that she is going to reach out to you and take advantage of the fact that they are friends (so there will be no charge) but she said that she cannot thank him enough. It has been an incredible experience working with you. She said that in her previous district they were friends and she remembers as he retired, her eyes were filled with tears she remembers saying that she will miss saying to him in the morning, hello friend.
