Interim Notices

Interim notices will no longer be posted online to the parents/guardians of all students. Parents are advised to monitor their child's academic progress throughout each marking period. If there are concerns or questions regarding the academic progress of your child at any time in the school year, you are advised to contact the teacher first, or contact the guidance office to schedule a conference with the teacher or your child's guidance counselor.

A district wide communication will occur at the mid marking period as a reminder to check your child's academic progress.

Parent/Teacher Conferences

Parents or guardians are encouraged to call the Guidance Office to arrange a conference with their child's team or teacher whenever the need is indicated. - **Tuesday, November 16, 2020 (Afternoon: 1pm - 3 pm; Evening: 5pm - 7 pm)**
- **Thursday, March 8, 2021 (Afternoon: 1pm - 3 pm; Evening: 5pm - 7 pm)**

THE BEGINNING OF THE SCHOOL DAY

Students' Arrival to School

Teachers' duties begin at 7:55 a.m. There are no teachers supervising the grounds or the building before that time. Students who walk to school or who are transported by parents **SHOULD NOT ARRIVE BEFORE 7:55 a.m.**, unless they have a teacher's permission. Once on campus, **students are not to leave without permission.** **Students who leave the school premises will receive disciplinary consequences.**

Procedures for Entering the School

All students will enter the building at 7:55 a.m. as directed by the teachers on duty. Students are to go directly to their lockers and then to their first period class. Period 1 begins at 8:05am. **STUDENTS ARE NOT TO LINGER IN THE HALLWAYS.** Students will be permitted to use the following entrances as indicated below:

7th Graders- Lake Street side of the building – Entrance 4
8th Graders- Parking lot side of building – Entrance 8

Inclement Weather

Students may enter the building at **7:40 a.m.** on days when the weather is rainy or below freezing, and proceed directly to the cafeteria without stopping at their lockers. Once a student arrives at school, he/she **MAY NOT** leave school grounds without the approval of the main office or nurse.

Dismissal Procedures

Students must promptly leave the building at 2:20 p.m. unless they are with a teacher/coach, serving teacher/office detention or participating in an extracurricular activity. **After dismissal, students are not allowed to stand around in front of the building, the main entrance lobby, or re-enter the building without permission of an administrator or teacher.**

Emergency Closing Procedures

In the event that it becomes necessary to close school early, usually as a result of severe inclement weather, the school will:

1. Dismiss students at 12:35 p.m. or a time announced.
2. Arrange bus transportation for students who normally take the bus.
3. Make telephones available for students to inform parents and arrange to be picked up, if necessary.
4. Provide a location to which students will report if they cannot contact a parent or guardian.

It is recommended that parents and guardians:

1. Make arrangements with their child on what to do should school be closed early, (e.g., go home or to a neighbor or relative, etc.).
2. Make sure their child knows how to contact them, particularly on days when the weather predictions call for severe conditions.
3. Provide a letter of permission allowing someone other than themselves to pick up their child.

Health Services Provided

Medical Information, Rules and Regulations

The school nurse is available to assist students with health problems, illness, or injury. Any student who becomes ill during school hours should report to the health office. **Students are not allowed to call their parent/guardian prior to reporting to the health office to see the nurse first.** If a student does not follow these procedures, upon parent's arrival, the student will still need to report to the nurse. Medical attention at hospitals cannot be given without a parent's consent. Medication can only be administered to a student by the school nurse with written doctor's orders and a note from the parent.

Emergency Cards

Emergency cards will be filled out online through the Genesis Parent Portal

Examinations and Screenings

In compliance with state mandates and Board of Education policies, the Middle School will provide the following services during the school year:

1. Scoliosis examination to detect spinal curvature will be done on all 7th grade students. This will be done by a trained examiner at no cost to parents/guardians. If families prefer to use their own physician, at their expense, a doctor's note stating that the student has had a scoliosis exam must be submitted to the health office by **October 1st of the current school year.**
2. Sports physicals must be done by the students' private physicians using approved district forms only. These forms are available in the nurse's office and are **the only acceptable forms.** Both the athletic examination form and the medical history questionnaire must be signed by the student's doctor and returned to the nurse's office. These forms are also available on the district website under "Athletics". If these forms are not completed, the student will not be allowed to practice, tryout, or play sports.
3. Vision tests and the recording of heights and weights will be done for all students.
4. Hearing screening will be conducted for 8th graders.

Vacation Notification

Students whose parents/guardians go on vacation should send the nurse a note containing the name and phone number of the person to be called in case of illness or emergency and the length of time that person will be in charge of the child.

Use of Medications

Diagnosis and treatment of illness and prescribing of drugs and medication are not the responsibility of the school. Medication for a student during school hours will be permitted only when failure to take such medicine would jeopardize the health of the student or the student would not be able to attend school if the medicine were not made available during school hours.

Medication shall be administered in accordance with the following guidelines:

1. Pupils requiring medications at school must have a written statement from the family physician showing the type, dosage, and purpose of the medications, and a written statement from the parents giving permission to give medication prescribed by the family physician.
2. The school nurse must approve any request from a family physician when medication is to be given to a student.
3. The school nurse must be advised of any drug being taken by a child attending school, particularly those that might cause a change in behavior.
4. Inhalers used for Asthma or other respiratory difficulties must be kept in the nurse's office unless a note from the student's doctor is submitted stating that the student has been trained in the proper usage of the inhaler and has a doctor's permission to carry an inhaler.

Please Note: The South Plainfield School District does not provide strep testing.

Medical Aid

Students who become ill while in school should report to the health office (opposite the girls' gym entrance). Students are not to stay in the lavatory.

If a note from the nurse is needed to excuse students from gym for the day, the note should be obtained during the regular gym period. **If an emergency occurs, see the nurse immediately.** If students are not able to take gym at all, a doctor's note must be presented to the school nurse.

Note: Students must have a pass from a teacher in order to go to the health office during classes.

School Insurance

The Board of Education does provide student accident insurance beyond the student's family plan. The school insurance applies only after the family plan has been fully exhausted. A form to file for coverage beyond the family plan is available in the nurse's office.

STUDENT SERVICES **COUNSELING AND GUIDANCE**

Guidance Department

The Guidance Department serves as the avenue by which students may seek advice, information, or assistance. Counselors attempt to help students cope with their concerns, whether they are school related or personal. Counselors can answer questions about career goals, high school course selections, teachers, curriculum, grades, study skills, and extracurricular activities. Students are strongly encouraged to call upon their services.

GUIDANCE COUNSELOR STUDENT ASSIGNMENTS

Mrs. Denise DeMello	7 th Grade
Mrs. Robyn Mikaelian	8 th Grade
Mrs. Rhonda Greene	SAC Counselor

Intervention and Referral Services (I&RS)

The Intervention and Referral Services (Pupil Assistance Committee) has been developed to assist students with learning and/or behavior difficulties. The committee is composed of at least one of the following: administrator, teacher, CST member, nurse, and guidance counselor. Students who may be experiencing academic or behavioral difficulties can be referred to the I&RS (PAC) for support and guidance to help the student resolve his/her difficulties.

Grading Policy

Grading Standards

Reading, language arts, mathematics, science, and social studies teachers evaluate student performance according to the following criteria:

Summative assessments certify what the student knows and is able to do after instruction has taken place. These assessments take a variety of forms, including, but not limited to, unit or marking period assessments, extended learning opportunities, finished writing projects (term papers, essays, stories, etc.), projects, District common assessments (when available), presentations, performance-based assessments.

Formative assignments and assessments are tools that are used to provide feedback to a student – in order for the student to determine how they are progressing in acquiring the knowledge and developing the skills to be successful in the particular course. These assignments take a variety of forms, including checked assignments (homework, classwork, etc.) and graded assignments (quizzes, teacher observations with a rubric or checklist, study guide completions, notebook checks, note cards, skills checks, etc.)

Report cards are posted in Genesis four (4) times a year. The report contains percentage grades that reflect the student's progress.

Report Card Grades

Grading Criteria	Letter Grades	Percentage Grade
Outstanding	A	90 – 100
Good	B	80 – 89
Satisfactory	C	70 – 79
Poor	D	65 – 69
Failing	F	64 – below
Incomplete	I	

A passing grade consists of a 65 average for the full year. Students will receive a 55 average on their report card for any course that they earn a cumulative average lower than 55.

Honors Classes

Courses recognized as Honors:

- Grade 7 - English Honors, History Honors, Science Honors and Pre-Algebra
- Grade 8 - English Honors, History Honors, Science Honors, Algebra and Full Year Spanish

Maintaining Honors Status

1. To maintain honors status in the course after the first marking period, students must have an 80 average or higher. An average of 79 or lower will result in the student being dropped from the course.
2. By the end of the second marking period, students must have and maintain an overall cumulative average of 83 or higher to remain in the program. An average of 82 or lower will result in the student being dropped from the course.

Any student wishing to be considered for the Honors courses before entering grade 7 and before entering grade 8 must have met the following criteria in their current course placements by the end of the school year:

1. 95% Final Average
2. NJSLA level 5 score in Math or English Language Arts
3. Teacher recommendation
4. Subject area benchmark assessments

Honor Roll

Students who attain high academic achievement have their names placed on the honor roll each marking period. There are two honor rolls. One is the High Honor Roll, requiring a grade of 90-100 (A) in all subjects, this includes physical education, expressive arts and music. The other is the Honor Roll, requiring a grade of 80-100 in all subjects.

Eighth grade students earning a total GPA of 90 or higher average in all courses and score advanced proficient in both math and language arts on the standardized test are eligible to receive *The Presidential Award Gold Certificate*.

National Junior Honor Society - South Plainfield Middle School Chapter

The National Junior Honor Society is the nation's premier organization established to recognize outstanding middle level students. More than just an honor roll, NJHS serves to honor those students who have demonstrated excellence in the areas of scholarship, service, leadership, character, and citizenship. These characteristics have been associated with membership in the organization since its beginning in 1929.

The first chapter of the NJHS of South Plainfield Middle School was started in 1964 and revived in 2016. Students are initially invited to apply for membership based solely on their grades. Once a prospective student submits an application, they are evaluated on the criteria of **SCHOLARSHIP, SERVICE, LEADERSHIP, CHARACTER, and CITIZENSHIP**. Qualified students are inducted into the chapter at the induction ceremony held in December. National Junior Honor Society students serve as role models in our school, and inspire their peers to achieve excellence in the five qualities that serve as standards for the society.

South Plainfield Middle School - National Junior Honor Society Criteria

Scholarship:

- Three honors core classes with Algebra I or Pre-Algebra
- 90% average overall (the middle school level doesn't have a GPA)
- Demonstration of character, leadership, school involvement, community service

Community Service - This involves voluntary contributions made by a student to the school or community, done without compensation.

Leadership - Student leaders are those who are resourceful, good problem solvers, and idea contributors. Leadership experiences can be drawn from school, athletic organizations, or community activities while working with or for others.

Character - The student of good character is cooperative; demonstrates high standards of honesty and reliability; shows courtesy, concern, and respect for others; and maintains a clean disciplinary record.

Citizenship - The student who demonstrates citizenship understands the importance of civic engagement; and demonstrates mature participation and responsibility in activities such as scouting, community organizations, or school clubs. (For example, Girl Scouts, Cub Scouts, Student Council, etc.)

Students who meet the scholarship requirement will have an opportunity to complete a form detailing their accomplishments and commitment to service, leadership, character, and citizenship.

Eighth Grade Promotion Guidelines

The minimum passing grade for academic subjects is 65%. Consistency of effort for each marking period will be given consideration in determining passing or failing.

The following are academic subjects: Mathematics, History/Geography, English, Science and Physical Education*/Health* (*Required by state statute)

The minimum passing grade for non-academic subjects is 65%.

Art	Instrumental Music

Eighth Grade Promotion Exercises

1. All students who have earned promotion are invited to participate in the exercises.
2. A pupil who fails two (2) or more academic subjects, or one academic subject and two or more non-academic subjects, or who is excessively absent, may be considered for retention. No pupil may be promoted from middle school that has not been recommended for advancement to high school by the Middle School Principal. (Policy #5410 **PROMOTION AND RETENTION**)

3. **Please note:** The promotional ceremonies will require the wearing of a gown by all students. Gowns will be available for purchase a few weeks before graduation. Parents and guardians will receive order forms and students will be fit during their lunch periods.

Guidelines for Retention of Students

District Policy 5410: PROMOTION AND RETENTION

Middle School

The requirements for promotion at the middle school shall be the successful completion of courses of study adopted by the Board as the instructional program for grades seven and eight. A pupil who fails to pass two or more academic subjects or one academic subject and three or more non-academic subjects, or who is excessively absent, may be considered for retention. No pupil may be promoted from middle school that has not been recommended for advancement to high school by the middle school Principal.

No pupil who has completed the requirements for promotion shall be denied a certificate of promotion as a disciplinary measure, but a pupil may be denied participation in the promotion exercises **when the pupil's conduct so warrants**. Due process procedures shall prevail.

Whenever retention is being considered, but not later than the end of the third marking period, the following procedures will be followed:

1. The guidance office will prepare a list of pupils who are in danger of failing during each marking period. Parent(s) or legal guardian(s) will be notified by mail.
2. The teachers and guidance counselor will initially discuss the possibility of retention of a pupil by the end of the third marking period and will consider the following points:
 - a. Scholastic achievement;
 - (1) Teacher judgment;
 - (2) Report card grades; and
 - (3) Standardized test scores.
 - b. Social and emotional maturity;
 - c. Mental, physical development, and chronological age;
 - d. Previous retentions; and
 - e. Any supplementary information that can be obtained from the parent(s) or legal guardian(s).
3. The parent(s) or legal guardian(s) of the pupil will be notified by mail of the possibility of the pupil's retention.
4. The teachers and guidance counselor will discuss the possibility of retention with the parent(s) or legal guardian(s). It should be explained to the parent(s) or legal guardian(s) that his/her child will be retained unless there is academic improvement.
5. A follow-up conference involving the teachers, guidance counselor, Principal, and any other pertinent resource people will be held.
6. A child who must be retained may be referred to the Child Study Team if evidence of a learning disability or other problem exists.
7. The final decision for the retention or promotion of the pupil shall rest with the Principal of the school.

Guidelines

1. Attendance: A pupil is expected to maintain a pattern of regular attendance. Excessive absences, which disrupt the academic program, may be a cause for pupil retention.
2. The passing average for academic subjects shall be “D” (65-69). Consistency of effort for each marking period will be given consideration in determining a passing or failing grade.

The academic subjects are:

Mathematics	Reading
Science	World Language

Summer School

The administration of the Middle School with the assistance of the guidance department and the teaching staff will recommend summer school programs to be taken by students that fail any classes during the school year.

Homework

Organizational skills are an integral part of the completion of homework. It is recommended that students keep assignment pads to help them. Parents should be aware of homework assignments and policies of the various teachers.

Note - There are no study halls provided in the students’ schedules.

It is agreed that homework plays an important part in children’s educational development.

1. It supplements and extends the school program.
2. It enriches out-of-school time.
3. It reinforces classroom learning and experiences.
4. It supplements individual interests.
5. It develops self-reliance and study skills.

Homework Study Guidelines

1. Time allotments and types of assignments vary from grade to grade.
2. Teachers recognize individual differences and abilities as they relate to the time needed to complete homework assignments.
3. The length of time necessary for student preparation in daily homework assignments will vary by content area and purpose.
4. Homework will not be limited to written assignments; it will also include reading, reviewing, and studying. Such additional aspects will be a vital part of class preparation.

5. Students will be cautioned to be alert for long-range assignments, which require advanced and careful planning to meet deadlines.
6. Students must understand that homework will have a **significant bearing** on their grades. Homework assignments are to be done outside of the regular class period.

Good Study Habits and Homework

1. Keep an up-to-date assignment notebook.
2. Keep a loose-leaf notebook large enough to keep homework papers, worksheets, test papers, etc. **DO NOT STUFF PAPERS IN YOUR TEXTBOOK.**
3. Do homework where you will not be disturbed.
4. Before beginning homework, have all necessary materials at hand.
5. Have your work organized.
6. Always read your material first and then do written work.

Homework for Extended Illness

Only in cases of extended illness of three (3) days or more may homework assignments be requested through the main office. Please allow one (1) day for the assignments to be collected. This is a general procedure; exceptions will be made for parents who call the school before 9 A.M. on the day the homework is requested.

Make Up Work

The Board of Education requires that pupils who miss class must make up the work. Teachers will provide make up assignments for that purpose. Any student excluded from school for disciplinary reasons must be afforded the opportunity to make up any missing work. No penalty may be imposed on a student for failure to attend class. Given the opportunity to do the work, he/she shall be graded on his/her performance or non-performance thereof. In those courses in which the interaction of staff and students is a factor in the learning process a portion of the grade may be based on classroom participation by the student.

Extra Help – After School

Students should seek extra help from teachers when necessary. The teachers will inform the students when help is offered. Students should obtain a pass (in advance). They must report immediately to the classroom for the extra help sessions. Upon completion, students are to exit the building immediately. Bus students may wait for the late bus at the main office exit.

Plagiarism – Pupils are expected to be honest in all of their academic work. Plagiarism is not permitted in term papers, themes, essays, reports, images, take-home examinations, and other academic work. Plagiarism consists of presenting the expressed thoughts, ideas, and writings of another person or source as one's own. Students should be aware that plagiarizing does not only concern copying verbatim the words of another author or written source without proper documentation, it also involves paraphrasing the opinions and statements without giving due credit to the source(s). Plagiarism is considered a form of stealing as well as cheating; therefore, plagiarism is an unlawful act requiring disciplinary action.

The penalty for plagiarism is a grade of “zero” on the particular assignment. The incident is reported to school administrators, the student's guidance counselor, and the parent(s)/guardian(s). A parental conference with school officials may also be required.

PHYSICAL EDUCATION

Rules and Regulations

Physical Education is a major subject of the school program for all students and is required by state law. Grades earned in this class are counted toward the honor roll. Each time a student is not properly prepared for P.E. class during a cycle, the student's grade will be reduced eight (8) points. Students may have the opportunity to make up a missed P.E. class before the end of each marking period.

1. Students are considered late if they are not dressed and in their assigned location within the prescribed time.
2. Students are not allowed on the stage, on top of the bleachers, or on any machinery or equipment without permission.
3. Gum is not permitted in the gym.
4. Students are not allowed to leave their assigned area unless permission is given by the teacher. Leaving without permission will be considered a cut.
5. Students will be dismissed from class by the teacher and not by the bell.
6. Students not participating in physical education must report to an assigned area for attendance.
7. Loose jewelry or jewelry that may pose a danger to the student is not to be worn during Physical Education class.

3. Black sweat shirts and/or sweat pants. South Plainfield sweats are acceptable.
4. Sneakers must be an athletic type.

Physical Education Excuses

1. A doctor's note is required to excuse a child from an activity. The doctor may recommend activities in which the student can participate. Every effort will be made to fulfill the doctor's recommendations. The note should indicate the specific dates that a student is excluded from P.E.
2. If the doctor's note is not dated, the student will need another note to be readmitted into class.
3. Students that are exempt from physical activity will be required to complete a written assignment(s) that will count as their participation grade. The length of the exemption will dictate the requirement of the assignment.

Health

Students will be responsible for successful completion of one cycle of Health.

Please Note: The Health teacher will present, as part of the curriculum, an instructional program on family life, human reproduction, and communicable diseases such as AIDS. This instruction will occur during the regular health cycle of each student. These programs will be presented within a 7 – 14 day period. **If you do not wish your child to have this instruction, please contact the Health teacher.**

GEORGE L. FALLIS INFORMATION CENTER

Use of the Information Center is one of the more effective ways to become successful in school. The information center contains books and periodicals for reference and leisure reading as well as a range of services, which are available to the students. This includes an online catalogue and circulation system; LINXCAT, a regional catalogue and automated inter-library loan network; and WILSONDISC, an automated periodical information system.

The librarian can assist students in locating materials of interest. Our information center is completely computerized for easy access to all materials.

Information Center Rules

Admittance to the Information Center during school hours is **by pass only or if a class has signed up to do research**. Teachers must include the student's name, date, time issued, and teacher's signature. No student will be permitted in the Information Center without a pass except after school. The Information Center is open until 3:00 pm every day.

Procedures for Borrowing Books

1. All library books contain barcodes that can be read automatically by the computer. A student does not need a card in order to borrow material. Each student's name is entered into the circulation system and all items will be checked out with the student's I.D. number.
2. Books may be borrowed for two weeks. A book may be renewed if no other student has requested it. If a book that a student desires is out, he/she may request to have it placed on hold. The student will be notified when the book is returned to the information center.

Reference Books

These materials are located on the freestanding bookcases. They may not be removed without the librarian's permission.

Magazines

The latest issue of a magazine may not be borrowed. Back issues are available for overnight loan. To request a magazine, fill out a request slip available at the circulation desk. Leave the slip in the magazine box at the desk. Please check the posted list of available magazines before filling out a request slip. Magazines will be retrieved at the end of the day, if not sooner.

Returning Books and Magazines

Please return materials on time. Place them in the book return slot located in front of the circulation desk.

Overdue/Lost Books and Magazines

Overdue notices are sent to the students in homeroom. If material is not returned or renewed after several notices, a letter will be sent home. If the material continues to be overdue, the student's end of the year privileges may be suspended, including participation in the 8th grade promotional exercise and/or withholding of the diploma certificate. In addition, the student will not be allowed to borrow additional items until the overdue

matter is resolved. No fines are charged for overdue material, but the replacement cost must be paid for lost material.

General Reminders on the Use of the Information Center

Please help keep the information center clean by not littering the floor or shelves. Use trash bins to dispose of rubbish. Do not damage the tables or chairs. The information center is designated as a **quiet** study area. Please be mindful of other students when entering and leaving the room.

STANDARDS OF CONDUCT FOR SCHOOL PROPERTY

In accordance with the law, students who cause damage to school property shall be subject to disciplinary measures with the possibility of legal actions, and their parents/guardians shall be financially liable.

Issue and Return of Textbooks and Fines

When students are issued textbooks for use outside of school, a card will be completed including the identification number and condition of the book. Allowing for wear resulting from careful use, textbooks must be returned in the same condition as when they were issued. Students are held accountable for all textbooks entrusted in their care, and will reimburse the school for any textbook that is damaged or lost, including materials borrowed from the Information Center. Student fines will be reflected in Genesis. ***Final report cards and/or following year schedules will be withheld until financial obligations are fulfilled.***

Middle School Dress Code for Virtual and in Person Schooling

School is a place of business and students are expected to dress appropriately. Good taste in the choice of clothing and grooming sets the proper tone in school. Since clean, neat dress and good grooming affects how one feels, behaves, and performs in the educational setting, students are expected to attend school attired in a manner which is not distracting to teachers or other students, and which is not detrimental to the educational process. **When a student's appearance creates a disturbance or distraction from the learning process**, the following actions will take place:

1. The parents or guardians will be contacted to bring a change of clothing;
2. The student may be sent home, or the student shall be detained in the administrative office until the student changes into school appropriate attire.
3. The student will not be permitted to attend classes with the general population for the day, or until school appropriate clothing is attained.
4. Repeat violators will face disciplinary actions such as being assigned in-school-suspension (ISS) and the student will adhere to the dress code policy by changing into more appropriate clothing.

The following student dress and grooming practices have been developed as a guideline to establish an educational environment, which is conducive to learning, self-respect, professionalism, and a sense of responsibility. The dress code guidelines set forth basic requirements for good grooming in the middle school and are to be followed in school and during school functions. For example, the school dances, field trips, school picnics, 8th grade trip and pool parties. The South Plainfield Board of Education has approved the following guidelines and students have a responsibility to dress according to these regulations.

- Students are NOT to wear a head covering in the building, e.g., hats, scarves, bandanas, sweat bands, wave caps, hoods, or other such items unless it relates to a religious practice. Students with medical reasons must obtain a note from the school nurse.
- Shoes or sandals must be worn at all times on school grounds and in school buildings. Because of the layout of our school, students are strongly encouraged not to wear flip-flops or stiletto heels, which may pose a safety hazard in the event of an emergency and during a science lab experiment. Appropriate footwear must be worn in the building at all times. No slippers are to be worn at any time.
- At a minimum, shirts with short sleeves must be worn. Shoulders must be covered at all times. This pertains to see-through blouses, halters, bare midriffs, spaghetti-straps, tank tops, and sleeveless undergarments muscle or basketball shirts without undershirts, blouses tied at the midriff, and/or any shirt which display excessive nudity such as cleavage, skin above/below the waist, or undergarments are not acceptable.

- Shorts and skirts must be tailored in such a manner as not to over-expose the body while standing, sitting, or participating in routine school activities (e.g., raising the hand, bending over, etc.). Leggings must be worn with a long tunic to cover the lower torso.
- Belts must be worn with overly large shorts or pants. Absolutely no sagging pants or exposure of undergarments. Repeated offenders will be reprimanded for sagging and exposure of undergarments.

- Clothing intended as outerwear, beach attire, or pajamas are not to be worn at any time anywhere in the building unless directed by the administration. This includes “loungewear/pajama pants.” In situations wherein health and/or safety factors become critical, temporary modification of the dress code may be necessary and will be established by the classroom teacher and/or building administrator.
- No underwear can be worn as outerwear. Undergarments must be not exposed.
- Any and all school issued uniforms, i.e. jerseys, shorts, skirts, must adhere to the above-mentioned guidelines for the dress code.
- Pupils who publicly represent the school or a school organization at an activity away from this district are required to dress in full accordance with the reasonable expectations of the staff member in charge of the activity. Pupils unwilling to comply with this requirement will disqualify themselves from participation.

DISTRICT POLICY #5511 **DRESS AND GROOMING**

The Board recognizes each pupil’s mode of dress and grooming is a manifestation of personal style and individual preference. The Board will not interfere with the right of pupils and their parent(s) or legal guardian(s) to make decisions regarding their appearance, except when their choices affect the educational program of the schools. It is the responsibility of the school to provide and maintain conditions under which

learning can take place most effectively. The purpose concerning pupil dress is not to produce conformity of appearance, but to create a climate for learning and the elimination of distracting or disruptive elements.

The Board authorizes the Superintendent to enforce school regulations prohibiting pupil dress or grooming practices which:

1. Present a hazard to the health or safety of the pupil himself/herself or to others in the school;
2. Materially interfere with school work, create disorder, or disrupt the educational program;
3. Cause excessive wear or damage to school property; and
4. Prevents the pupil from achieving their own educational objectives because of blocked vision or restricted movement.

The Superintendent shall develop procedures to implement this policy which designate the Building Principal as the arbiter of pupil dress and grooming in his/her building, and instruct staff members to demonstrate by example and precept wholesome attitudes toward neatness, cleanliness, propriety, modesty, and good sense in attire and appearance.

Adopted: 17 September 2008

Backpack Policy

In the middle school grades students are just that "in the middle" not our youngest or oldest students in the K-12 educational system. Middle school students are, for the first time, becoming independent learners academically, socially and emotionally. One aspect of the middle school experience is the expectation that students, while at school, learn to organize and monitor their materials and personal possessions.

Each middle school student is assigned a locker at the start of each school year to help lighten the load of carrying their book bag during the school day. For this reason, backpacks, book bags, string bags, gym bags, and tote bags shall not be carried during the school day. They must remain in the student's locker. Other common reasons for not allowing a bag to be carried by students during their school day involves various health, safety, and security needs of the school community.

Hall Passes

Any student(s) in the corridor during class periods *must* be in possession of their planner or a hall pass issued to that student only and signed by the classroom teacher. A regular pass form is used for passes to the lavatory, library, offices, nurse, etc. Admission to class for late students requires a properly signed and dated pass upon arrival. Students entering the building before the start of the school day must have a signed and dated pass for that particular day.

Hall Lockers

- Students are to use no other locker but the one assigned to them. The student will not be able to obtain their belongings from another student's locker if the student is not available.
- Giving a locker combination to other students could result in damage or theft. Students who ignore this regulation, risk disciplinary action. Students are strongly advised not to share their locker or locker combination with ANY student.

- If a locker does not work, students are to inform their homeroom teacher and the main office immediately.
- Students are responsible for ANY/ALL property left in their lockers.
- Report any theft to the main office immediately and in writing. Include name, grade, locker number, date of theft and a description of the item(s).
- Students are responsible for keeping lockers clean and free of defacement.
- Students are required to empty their lockers at the mid and end of each school year. Students who withdraw from school early must empty their lockers before their departure.
- The Board reserves the right to authorize its employees to inspect a student's locker when such employee has reason to believe it may contain dangerous, illegal, or any other material which poses a hazard to the safety and good order of the school.

Fire Drill Instruction

These instructions are designed for our common safety. Know the instructions for every room to which you are assigned.

- When the alarm sounds, walk, do not push or run, quickly and quietly in a single line to the assigned exit. Leave the room by the door nearest the assigned exit and follow the directions of the teacher in charge.
- If the assigned exit is shut off or the pathway is dangerous, proceed to the next, safest (alternate) exit. If you see smoke or fire, in the path of your assigned exit, do not walk by that exit. Find another exit. This might require going in a different direction.
- If you are at the head of the line when you come to a self-closing door, hold the door open until the whole line has passed and then rejoin the line.
- Do not break into a line ahead of you. Follow behind the end of the line as soon as it passes.
- Walk away from the building to permit those behind you to move out quickly and do not return to the building until you are told to do so by your teacher.
- Everyone must leave the building during a fire drill.

Lunch Program

The cafeteria is maintained for the convenience of the students. Hot and cold lunches are available, but students may bring their own lunches. Having lunch delivered to the school through any food service is not allowed. This includes places such as but not limited to Uber Eats, Grubhub and DoorDash.

In order to maintain a pleasant and orderly lunch room, students are expected to cooperate in helping to keep it clean at all times and abide by the following regulations:

- Students are permitted to go to the lavatory during lunch with a pass.
- Cafeteria supervisors will announce procedures for purchases.
- Students **may** be assigned to sit at a specific table.
- All students are to consume food while seated at their tables.
- Students are not to leave the cafeteria without permission.
- Each student is responsible for the disposal of his/her own garbage and for seeing that the table and vicinity are clean.
- Arriving five minutes late to the cafeteria could result in disciplinary action. Latecomers are to report to the supervisor upon arrival.

- Students may be denied the privilege of eating in the cafeteria if conduct is repeatedly unacceptable.

Any cafeteria offense - throwing food, failure to clean up the table or the floor around the table, leaving the cafeteria without permission, foul language, and general non-compliance with rules or disregard for authority - will result in disciplinary action.

Assembly Programs

Assembly programs are held throughout the school year for all students in the Middle School. These programs are held in various locations inside and out of the building.

Rules of conduct for all assemblies

- Enter and leave the assembly site in an orderly manner.
- Respect others by paying attention to the program and by applauding at appropriate times. Avoid talking aloud, whistling, booing, and other forms of discourtesy.
- Follow teacher directions.

Note: Students may be removed from assemblies for improper behavior and may be denied the privilege of attending future programs. If students have a record of poor conduct or misbehavior, they may not be permitted to attend assemblies. If a student must be removed from an assembly program due to inappropriate behavior, he/she will be sent to the main office during the assembly program and may be assigned in-school suspension.

Lavatory Facilities

Lavatories may be used during the school day with teacher permission; however, a pass is required. All students will sign out of their classroom prior to using the bathroom and sign in upon returning.

Buses

Free transportation is provided for 7th and 8th grade students who live two miles or more from school. The bus driver is in charge of the bus. **Students are to obey the driver at all times.** Improper behavior will not be tolerated. Students who disregard the rules may be referred to the administration for disciplinary action, including temporary or permanent revoking of bus privileges. Students waiting for buses are not to loiter on private property.

Bicycles

The school assumes no responsibility for theft or damage to bicycles. All students are permitted to ride bicycles to school, but the privilege may be withdrawn at any time if there is failure to comply with rules of safety and courtesy. Students are not to ride bicycles on school property; they are to dismount and push them. Bicycle racks are to be used, and it is strongly recommended that bikes be chained and locked to the racks.

The Board regards the use of bicycles for travel to and from school by students as an assumption of responsibility on the part of these students; a responsibility in the care of property, in the observation of safety rules, and in the display of courtesy and consideration toward others.

Skateboards/Roller Blades/Scooters

Due to a number of injuries to Middle School students in previous years, students are not to ride skateboards, scooters or roller blades on school property. Students not abiding by this directive will have the skateboard/roller blades held in the office, to be released only to a parent or guardian. Absolutely no roller-blading, skateboarding, or riding scooters is permitted in the school, on railings, or on other areas of school property. Students are not allowed to wear Heelys to school. Violators may be reported to the police.

Lost and Found

All items found in school or on school property are to be promptly turned in to the main office. Inquiries about lost articles are also made in the main office or can be found in the school cafeteria lost and found. Articles lost in the gym locker rooms will remain in the locker rooms.

Posters and Notices

Before these are displayed, *permission* from the Principal or Assistant Principal is *required*.

Visitors/Student Guests

No visitors, friends, or relatives of students are permitted in the building during the school day without the authorization of the principal or his designee. All authorized visitors must sign in at the main office. Please bring a photo ID for verification purposes.

Telephone/Cell phones

A telephone is available in the main office for the convenience of students when emergencies arise during the school day. All conversations should be kept as brief as possible. ***Cell phones MAY NOT be used during school hours. All cell phones MUST be kept in the student's locker until the end of the day. Students carrying cell phones on their person during the school day will receive a disciplinary consequence.***

1. Any student in **possession and/or use** of any tobacco product, e-cigarette, or vaporizer, or other electronic smoking device will receive a ***Three (3) Day Out of School Suspension for a 1st offense*** (subsequent offenses will be subject to progressive discipline).
2. Due to the fact that the contents of an electronic smoking device cannot be determined through casual observation, students in ***possession and/or use*** of any electronic smoking device or

component will be considered under suspicion of being under the influence of drugs and as such will be *sent out for a drug screening* in accordance with the District's Substance Abuse Policy.

3. If a positive drug screening is returned, the student will be subject to disciplinary consequences set forth in the District's Substance Abuse Policy, including medical clearance, meeting with our Student Assistance Counselor and other counseling as necessary. Students cannot participate in any extra-curricular activities (including clubs, athletics, proms, etc.) while suspended.
4. All suspensions count towards the loss of extra-curricular participation as set forth in the Student Handbook.

Pursuant to the "New Jersey Smoke-Free Air Act," N.J.S.A. 26:3D-55 et seq., smoking, is "prohibited in any area of any building of, or on the grounds of, any public or nonpublic elementary or secondary school, regardless of whether the area is an indoor public place or is outdoors." Cellular telephones must be turned off and placed in their lockers while the pupils are in the school building and may only be turned on after school has concluded and the pupils are outside the school building. At middle and high school levels, **cell phones must be turned off. Cell phones that are turned on in violation of this policy will be confiscated by administration, and will be subject to appropriate disciplinary action. (Board of Education Policy Code 5516)**

Fighting

Every possible means to avoid a fight should be used. Differences or problems can be overcome if students seek the help of teachers, administrators, and counselors. ***STUDENTS WHO FIGHT WILL BE SUSPENDED.***

Field Trips, Student Council, and End of Year Activities

Field trips and special activities are important supplements to the educational program in the middle school. Classes, clubs, and other groups take field trips from time to time; however, students who have discipline referrals and/or excessive absences may be excluded from some or all activities on a marking period basis. Administrators will review conduct records and recommend that students be excluded from these activities as per eligibility policy. In addition, administrators will *attempt* to notify parents of the decision at least one week before the event.

ELIGIBILITY REQUIREMENTS FOR MIDDLE SCHOOL ACTIVITIES

Attending the following activities is a **PRIVILEGE**, and the stated eligibility requirements will be adhered to.

Eighth Grade Dinner Dance, Eighth Grade Trip, Promotional Exercises, Yearbook Signing Party and Seventh Grade Picnic

A student will not be invited to participate if:

He/she has received two (2) or more ISS/OSS assignments during the school year and/or has excessive absences or tardies.

Students who disrupt the educational process may lose the opportunity to attend these events.

The principal can determine who will be excluded based upon input from the assistant principal, teachers and a review of students' records. Individuals who commit violent acts or who are repeat offenders will be subject to the possibility of exclusion from one or all of these activities. Students and parents will be notified in advance.

Parents, please note:

DISCIPLINE POLICIES AND PROCEDURES

STUDENTS' RIGHTS AND RESPONSIBILITIES

Students' Right to a Hearing

In accordance with the policy of the Board, the following procedures are provided for student appeals in the event of a complaint or grievance of disciplinary action. I. Complaint or Grievance

- A. The student, group of students, or parent shall make an informal complaint to the teacher, principal, or guidance counselor individually or through a group representation.
- B. If the problem is not resolved by means of the above-mentioned process, a written complaint shall be made to the principal, approved by the parent(s) or guardian(s) of the minor child (children), which shall set forth:
 1. The specific nature of the grievance and a brief statement of the facts giving rise to it.
 2. The manner in which and the extent to which the student believes he has been adversely affected.
 3. The relief sought by the student.
 4. The reasons why the student feels entitled to the relief sought.
 5. Whether or not, in the opinion of the student, other students are similarly adversely affected, and, if so, identify what group or groups of students. The principal will then attempt to resolve the complaint through conferences with students, parents, teachers, and other involved parties.
- C. If the written complaint to the principal does not resolve the matter within ten (10) school days, a written complaint to the superintendent may be made. The superintendent will conduct an investigation and provide a written reply within five (5) days following the completion of the investigation.
- D. If the written complaint to the superintendent does not result in a mutually satisfactory resolution of the problem, an appeal may be made to the Board of Education through submission of a written appeal to the secretary within ten (10) school days of the receipt of the superintendent's reply.
- E. The Board or a committee will hear such appeals within two weeks of receipt of the appeal and will render a decision in writing within 30 days thereafter.

The principal or his designee will provide the student with oral or written notice of the charge(s) against him/her and will provide a hearing for the student before disciplinary action is ordered, so that the student has a full opportunity to state why he/she should not be disciplined. This preliminary hearing will be informal. The student will be given the chance to respond to the charges. The student's parents may be informed of the charges and the preliminary hearing if the principal so chooses. The hearing will be held on the day of the alleged infraction or as soon thereafter as possible if an emergency prohibits an immediate hearing.

B. Minor Offense - The principal may impose a suspension of up to ten (10) days for any or all school programs and activities. 1. **Sending Students Home** - Unless the student is an immediate threat to the safety of the school, he/she should remain in school suspension until class is dismissed for the day. If the student is judged as a threat, an attempt will be made to reach the parent/guardian in order for that person to come to the school for his/her child. The school may provide transportation if the parent/guardian cannot.
2. **Responsibility for School Work - Students who have been suspended are responsible for completing class assignments.** All students will be allowed to take make up tests, and no student may receive a failing grade because of non-attendance of classes.

All students will be required to wear a mask while they are in school.

The South Plainfield School District will provide a reusable solid green mask for each of the students on their first day of in person learning. Students may wear their own mask, but it must be a solid color or have a South Plainfield logo on it. All students are expected to wear masks and follow the social distancing protocols in the classrooms and hallways. Any student choosing not to follow the safety protocols, facial masks, etc., will not be able to continue attending in person instruction. This is for the safety of the individual student and the school community as a whole.

Hybrid Schedule Sick Days – If a student is signed up for in person instruction during a hybrid learning environment, a parent may indicate that they will be virtual instead of in person for no more than two days per marking period. Parents must notify the main office PRIOR to the start of the school day in which they will be virtual instead of in person. Students that are in-person are allowed 2 days in which they may work virtually if they are sick per marking period. Please the attendance line and leave a message that the child will be using a virtual-sick day. This should only be used if truly needed.

STUDENTS SUSPECTED OF DRUG OR ALCOHOL ABUSE

Although the Board of Education encourages and hopes that all students with drug or alcohol problems will voluntarily seek help, legal and moral responsibilities dictate an obligation to help students who are suspected of drug or alcohol abuse.

Procedures

When a student's behavior indicates significant signs that he/she might be under the influence of a controlled dangerous substance or alcohol while on school property or at a school function, a suspected case of drug/alcohol abuse is reported. Once reported, the following procedures will be undertaken as determined by Board of Education policy:

1. The principal (or designee) will notify the student's parent or guardian, the school nurse and the superintendent of schools. N.J.S.A. 18A: 40A-12 (a) and N.J.A.C. 6A:16-4.3 (a)(2).
2. If, at the request of the parent or guardian, the medical examination is conducted by a physician other than the medical inspector, such examination will not be at the expense of the district Board of Education N.J.A.C. 6A: 16-4.3 (a)(3)(ii).
3. If a doctor or medical inspector is not immediately available, the student will be taken to the emergency room of the nearest hospital for examination. A member of the school staff designated by the principal will accompany the student. If available, a parent or guardian should also accompany the student N.J.S.A. 18A: 40A-12 (a).
4. The student's parent or guardian, the principal, and the superintendent of schools and N.J.A.C. 6A: 16-4.3 (a)(4)(i)(ii) will receive a written report from the attending physician within 24 hours of the examination. "When the medical examination is performed by a physician other than the school physician or at the emergency room, the parent is required to verify that a medical examination was performed within 24 hours of the referral of the student. Such verification shall include, at minimum, the signature, printed name, address, and phone number of the examining physician indicating the report required by this paragraph is pending, and the date by which the report will be provided."
5. If the diagnosis is positive, the pupil will be returned home. Appropriate data will be furnished to the health office. N.J.S.A. 18A: 40A-12(a) and N.J.A.C. 6A: 16-4.3 (a)(10).
6. The student will not return to school until the principal receives a written report certifying that the student is physically and mentally drug free. The student's personal physician, medical inspector or the physician who examined the student may prepare this report. N.J.S.A. 18A: 40A-12 (a) and N.J.A.C. 6A: 16-4.3 (a)(10). The parent/guardian will be responsible for the cost of the physical examination to verify that the student is physically and mentally drug free.
7. The principal or designee shall complete a Student Safety Data Systems Incident Report Form. N.J.A.C. 6A: 16-4.3 (a)(1)(iii).

See **Policy 5530 "Substance Abuse"** for more details.

Together, they will determine the best plan to ensure the most effective support, counseling, and/or treatment necessary to help the student to remain drug/alcohol free.

Illegal Substance Activity and Due Process

If drugs are sold on school property, immediate action will be taken to inform and work with police officials: (a) to apprehend the person or persons responsible, and (b) to confiscate the drugs. The actions taken by both school and police personnel must protect the legal rights of the suspected individual(s).

This law, which applies to all pupils, staff, and visitors who use district owned buildings, went into effect December 14, 1989.

Employees must notify their supervisors no later than five days after such conviction. To be in compliance, the district must notify the federal grant program of such conviction within ten days of receipt of said conviction.

STUDENT ATTENDANCE

The Board acknowledges the importance of regular attendance in an effective instructional program. To this end, it will observe and enforce the laws requiring the attendance of all youngsters as prescribed in N.J.S.A. 18A: 38-25,26.

School attendance is a basic responsibility of the students and their parents/guardians. Students who avoid responsibility for learning by absenting themselves from school/class are clearly impeding and complicating the teaching/learning process. The school curriculum is designed to provide adequately for a limited level of absenteeism by providing students an opportunity to make up the missed instruction. Accordingly, the following regulations and procedures governing student attendance at South Plainfield Middle School are designed to encourage such regular school attendance by our students.

According to N.J.A.C 6:3-9.3, “a pupil shall be recorded as either present, absent, or excused for religious observance”. “The Commissioner shall annually prescribe a list of religious days on which it shall be mandatory to excuse pupils for religious observance upon the written request signed by the parent or person standing in *italics* parents”. Thus, *an absence is only considered excused if it occurs for an observance of a religious holiday on the state approved list*. Such excused absences shall not count toward any limitations on student absences that may be imposed by specific school regulations.

It is recognized that certain legitimate occurrences may occasionally cause the student to be unable to attend school. Those occurrences, which constitute legitimate absences from school and class include the following (1) personal illness, (2) family emergency, (3) death in the immediate family, (4) religious holidays on the list approved by the Board of Education, (5) medical or dental professional appointments which cannot be scheduled in non-school time, (6) required court appearance with verification, (7) other reasons approved by the principal or his designee. Although it is understood that legitimate reasons, as stated in this policy, do exist for absences, even these reasons, when excessive, will interfere with the student’s success in school.

If students are to be absent for reasons not outlined above, parents should call the guidance counselor assigned to their child’s grade level, then send a signed note stating the dates and reasons for the proposed absence. **This procedure does not necessarily indicate approval of the absence, but it does provide the school with information.**

REQUIRED PROCEDURES IN REGARD TO STUDENT ABSENCE

1. If a student is absent from school, the parent or guardian is expected to notify the school immediately. The Middle School has a specific number for reporting student absences. The number is **908-754-4620**, select option three (3) and then option one (1). (This is connected to an answering machine that is operational 24 hours a day). Callers should listen to the message and state the requested information. Each morning the tape is reviewed and compared to the

SPMS Student Handbook 2020-2021

absentee list. Calls are then placed to parents/guardians of all students who are listed as absent and for whom no call was received. Calls for anticipated absences, such as for family vacations, may be made in advance and will be noted for the appropriate dates. If the student's absence is likely to be prolonged, the school's nurse and guidance department should be notified of this fact.

2. The school will require notes of verification following any and all absences including occasions when students are sent home from school by the nurse. Notes must be received on the day the student returns to school. The note must contain the reason for the absence, the date(s) of absence, and the signature of the medical physician, if applicable. ***All absences, whether verified or not are still counted towards the overall attendance policy and 18 day attendance threshold. Therefore, a doctor's note will be recorded in the Genesis portal as an ABX (excused absence), whereas a note from a parent will be recorded in the Genesis portal as ABS (recognized as a legitimate absence which prevented the student from attending school, yet it is still considered an absence). Also when a parent calls to notify the school that their child will be absent, the absence is still recorded in the Genesis portal as ABS (which means the child is still absent). In addition to this, a child is recorded ABT (truant) if and when a child is absent from school and there is no phone called received from the parent/guardian.***

GUIDELINES & EXPECTATIONS FOLLOWING PROCEDURES

- Students, who have medically verified, extended illness, will not be charged with absences in regard to this policy, provided they are receiving home instruction.
- A student's absence from school by reason of observance of a ***religious holiday*** will be considered an ***"excused absence"*** and the student will not be deprived of any eligibility for an award or an opportunity to compete for any award, or the right to take an alternate test, as long as an acceptable absence note is submitted as described herein.
- Students will not be considered absent while participating in a school-sponsored activity. Such activities include but are not limited to the following: field trips, scholastic/athletic competitions, student council meetings, school sponsored music lessons, guidance conference, etc.
- A student must be in attendance of school for at least four (4) hours, exclusive of lunch periods, in order to be counted present for the day. To participate in any extra-curricular activity, the student must be present before 10:00 am and remain in school for the rest of the school day.

SCHOOL ATTENDANCE INTERVENTIONS

Counseling in cases of excessive absences, cutting class, and/or truancy shall be provided to the student by various school personnel, including administrators, guidance counselors, and if applicable, a child study team member.

All student performance contracts for participation in extra/co-curricular activities, including athletic teams, shall require regular and consistent attendance. Parental contact concerning student absences from specific class (es) will occur as follows:

- **4th unexcused absence** - written notification to parents/guardian by building administration
- **9th unexcused absence** - meeting of parent(s)/guardian with guidance counselor, school administrator, a child study team member (if applicable), and student to discuss the frequency and reasons for the student's absences, as well as the limitations on participation in school activities
- **15th unexcused absence** - official written warning by the school principal of impending retention; meeting of parent(s)/guardian (s) with school administrator, guidance counselor, and student.
- **18th unexcused absence** - official written notification by the building administration.
- The parent has the right to appeal.

A letter from the school's main office will be e-mailed home to parents/guardian(s) on the specific absences noted above.

Tardiness

The orderly conduct of class activity is predicated upon the prompt and precise beginning of each class. Tardiness hinders the proper conduct of such activity, imposes a distraction that leads to a loss in instructional time for other students in attendance, and represents school time lost for the student.

Rules and Procedures Governing Student Lateness to School

Students who arrive late to school (after 8:05 a.m.) must report to the Main Office.

- **1st Unexcused Tardy**- The student will be issued a warning.
- **2nd Unexcused Tardy**- The student will be issued a second warning.
- **3rd Unexcused Tardy**- Student will automatically be assigned a detention after receiving two "lateness to school" slips. The detention will be served the same day or the day after. Failure to serve detention will result in ISS (in-school suspension). Failure to serve ISS will result in 2 days of OSS (out-of- school suspension).
- **4th Unexcused Tardy**- Upon the 4th time late to school, a letter of notification will be sent to the parent/guardian. At this time the principal may create an action plan to address the excessive tardiness. The student will also be issued detention to be served that day or

the day after. Failure to serve office detention will result in ISS (in-school suspension). Failure to serve ISS will result in 2 days of OSS (out-of- school suspension).

- **5th Unexcused Tardy-** The student will be issued ISS to be served the following day.
- **6th Unexcused Tardy-** The students will be issued ISS to be served the following day.
- **7th Unexcused Tardy-** Upon the 7th time late to school, a follow-up letter will be sent and a parent conference will be scheduled with the principal to address the excessive tardiness, resolve the matter, and make the parent aware of the effects on the student's academic performance.

Students arriving late to school due to a verified appointment with a physician/dentist or for another administratively approved reason will be marked as an excused tardy for the purposes of this policy as long as the student is present for at least four (4) hours of the school day. In extreme cases, the school may resort to legal action to assure regular attendance; a requirement clearly defined in the state statutes.

Procedures for Students Tardy to Class

Students who are late to class without a pass at the time of arrival are to receive teacher detention. Recurring lateness to class will result in the teacher contacting the parent. If the problem is still not resolved, the student will be referred to an administrator who will assign office detention.

School administrators will meet with parents in cases where students are repeatedly/excessively tardy in order to eliminate the recurrence of such tardiness. The administration will address students who accumulate more than five tardies in the following manner:

- 1st tardy: verbal warning by teacher and/or teacher detention
- 2nd tardy: verbal warning by teacher and/or teacher detention
- 3rd tardy: teacher calls parent; teacher detention
- 4th tardy: teacher notifies parent and informs the administration and assigns an office detention
- 5 or more (habitual tardiness): Administration assigns 7:30 a.m. or 2:20 p.m. detention/or ISS for all succeeding tardies arrivals, sends second tardy letter home.
*Failure to attend office detention may result in suspension.

PLEASE NOTE: In order for your child to receive an excused tardy you must provide a note explaining the reason for the tardiness. If your child does not have a note accompanying his or her tardy they will not receive an excused tardy.

Class Cuts

Any student who fails to attend an assigned class or activity, including homeroom and lunch, without justifiable reason, verified by a teacher or other responsible personnel, is considered cutting class and will be issued suspension. Parents/Guardians will be notified.

Penalties for class cuts include the following:

- 1st cut - one day in school suspension
- 2nd cut - one day of suspension and parent conference
- 3rd cut - action to be determined by the principal or assistant principal

Truancy

Any student absent from school for any part of the day without the knowledge and consent of a parent or guardian, or in a public place, or on a public street unaccompanied by a parent or guardian is truant.

Repeated truancy may result in charges of truancy being brought before the local court if the student is less than sixteen (16) years of age. The penalty for truancy is suspension. A parent conference with school authorities will be required.

Early Release/Late Arrival

The school district recognizes an occasional need for a student to arrive late or to be released early from school. The following situations could create a legitimate need for release time from school during normal school hours: (1) verified appointment with a physician/dentist that cannot be scheduled during non-school hours; (2) death in family; (3) family emergency; (4) required court appearance/legal obligation with verification; (5) religious holidays on the list issued by the State Board of Education; (6) such good reason as may be approved by the superintendent or building principal.

With the exception of release times from school for a state approved religious holiday or for a verifiable, required court/legal appearance, all other reasons for such release from school are chargeable as absences (or half-day absences) if the time away from school exceeds ninety (90) minutes. All instances of release time require a note from the parent explaining the date, time, and circumstances concerning the request.

The administration reserves the right to review and verify the conditions and reasons for any release time request. If the request is approved, the student will be released from school according to prescribed procedures. The student shall be permitted to make up all work missed during approved release time requests.

Procedures governing approved release of students during school time:

1. In cases of a request for release time during school hours, whether early release or late arrival, a note from home is necessary. The note of request from the parent must be presented to a secretary in the main office before school starts. The note must be verified in person or by telephone before the student will be allowed to leave. A telephone number where a parent may be reached must be written on the note.

2. Students leaving school early because of illness must first be cleared by the school nurse. Contact with the parent/guardian must be made by the nurse or school administrator prior to the release of the student from school.
3. Permission to leave school early in cases of emergency must be obtained from an administrator, who will verify the circumstances of the emergency and the arrangements for the release of the student before the student will be allowed to leave.
4. All students leaving school early will be dismissed from the main office. Students of minor age will be released to the custody of a recognized, responsible adult who is listed on the student's emergency card.
5. Under no circumstances may a student leave school without permission of an administrator or school nurse.

Make Up Work

Students are provided an opportunity to complete assignments missed because of their legitimate absences. However, it would be unwise to believe that one can fully complete experience learning if the student is not present in class.

The rule for time allowed to make up work missed is to equal the amount of time absent, except that the makeup period is not to exceed ten (10) school days nor to extend more than ten (10) school days after the end of a marking period without the specific permission of an administrator.

Responsibility to make up work rests with the student and not the classroom teacher.

Students may complete assignments for time missed because of actions initiated by the authorities of the school (e.g., suspensions, exclusion, etc.) within the time period stipulated in the paragraph above.

Reporting Attendance to Parents

Reporting pupil absences is a primary responsibility of the school and shall be accomplished in the following manner:

1. Absences from school shall be recorded in an appropriate manner on report cards that are issued four (4) times per year.
2. Tardiness to school/class shall also be reported to parents in the same manner.
3. School officials/teachers will apprise parents periodically of excessive student absences by telephone and/or mail, in addition to this information being indicated on the progress report/report card.

CO-CURRICULAR PROGRAMS & ELIGIBILITY

Introduction

The purpose of all co-curricular activities is to provide enrichment that will nurture growth and development and encourage creativity and exploration. The South Plainfield Middle School provides co-curricular experiences and opportunities in student government, the arts, culture, athletics, academics, publications, hobbies, creative skills, and community service.

CO-CURRICULAR ELIGIBILITY

District Policy

The Board believes that the goals and objectives of this district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular curricular program of the school.

The purposes of such co-curricular activities include the following:

- To develop student initiative and provide for the exercise of responsibility.
- To develop leadership capacities and organizational skills
- To aid in the socialization of students
- To enable students to pursue a goal of self-realization
- To enable students to explore a wider range of individual interests not available in the regular curricular program

Such activities shall be conducted wholly or partly outside the regular school day, be available to students who voluntarily elect to participate, and be marked by student participation in the processes on initiation, planning, organization, and execution.

No co-curricular activity shall be considered to be under the sponsorship of the Board unless it has been approved by the superintendent and reported to the Board for their information and review.

The Board shall maintain a program of co-curricular activities at no cost to participating students except that students may assume all or part of the costs of travel and attendance at co-curricular events and trips.

The Board believes that the primary purpose of public education is academic achievement. Therefore, students shall display mastery in subject matter areas required for promotion in order to qualify for participation in co-curricular activities.

Middle School Co-Curricular Activities/Athletics Eligibility

All students are eligible to try out or participate in fall extracurricular activities. Any student receiving two (2) or more failing grades, in an academic subject, on his or her Marking Period 1 Interim Report will still be allowed to practice and participate in the co-curricular activity. However, they will not be able to participate in any game, show, or event until all of his or her grades are at 65% or better.

Any student that has failed three (3) or more academic subjects will be prohibited from participating in a Winter or Spring activities.

A student that has failed one (1) or two (2) subjects can try-out and participate in a Winter or Spring activity. He or she will not be allowed to participate in a game, show, or event until the overall grade for all of his or her academic classes are at 65% or above.

Two (2) school suspensions during a season or activity will result in the removal of that participant from the designated sport or club.

Procedures for Implementation

In order to implement this policy, activity supervisors (in cooperation with guidance counselors) will be required to monitor participating students closely. The activity supervisor who is responsible for the students in the program will perform the following tasks:

1. Provide the guidance office with an alphabetized list of participating students by grade level.
2. Consult with guidance counselors at the close of each marking period to determine failing grades.

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

(1) The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. AFFIRMATIVE ACTION/SECTION 504 COMPLIANCE/AMERICANS WITH DISABILITIES ACT

Section 1 - The Policies

The Board of Education of South Plainfield declares it to be the policy of this district to provide an equal opportunity for all students to achieve their maximum potential through the programs, use of facilities, and practices of its schools regardless of gender, race, color, creed, religion, ancestry, national origin, place of residence, social or economic status, or handicap. Furthermore, the Board declares it to be the policy of this district to provide safeguards to ensure that all students have equal access to facilities, academic opportunities, vocational programs, scholarships, and co-curricular activities in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.

Section 504 Policy and Procedures

Child Find: All school personnel, parents, and community members must be made aware of Section 504 through public notice so that all appropriate referrals can be made.

Referral Process: Referrals can be made by a teacher, parent, or any involved individual who suspects an impairment that falls under Section 504. Initial referrals will be directed to the Intervention and Referral Services (I&RS) (PAC) and 504 Coordinator and will first be brought to I&RS (Pupil Assistance Committee). The I&RS will recommend evaluation for 504 for those referrals that require greater intervention and in which there is a suspected impairment under the law.

Evaluation: The evaluation team is individualized for each child and is made up of individuals having expertise in one of three areas: the child, the meaning of the evaluation data, and the accommodation and placement options. There will be at least one individual with expertise in each area. The evaluation process is also individualized for each child and always includes multiple sources of information. Possible evaluation sources include but are not limited to: teacher interviews, parent interviews, review of records, classroom observations, achievement or aptitude tests and outside evaluations. All information is considered by the team in making a decision with regard to whether an impairment exists and whether that impairment substantially limits a major life activity when compared to the “average” student in the general population.

Evaluation and eligibility will be documented and for those who are eligible an evaluation plan will be written.

Reevaluation: All 504 plans will be reviewed annually and reevaluated every three years at minimum. Reviews and revaluations may be conducted more frequently as needed and when there is a change in placement.

Notice to Parents of Procedure: Including grievance procedures and right to an impartial hearing.

The purpose of this procedure is to provide students, employees, and parents with a procedure by which they can seek a remedy for alleged violations related to discrimination on the basis of race, color, creed, religion, sex, sexual orientation, marital status, ancestry, national origin, or social or economic status. This procedure may also be used to seek a remedy for alleged sexual harassment by an employee or a student. No individual will suffer reprisals for reporting any incidents of sexual harassment or making any complaints.

A. Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that

- a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or
- b. Has the effect of insulting or demeaning any student or group of students; or
- c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept

responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Sexual Harassment/Equal Educational Opportunity

The South Plainfield Public Schools maintain an instructional and working environment that is free from sexual harassment for it is believed that such behavior interferes with the learning process.

It shall be a violation of this policy for any member of the South Plainfield Public Schools staff to harass another staff member or pupil through conduct or communications of a sexual nature. It is also a violation of the policy for a student to sexually harass another student or staff member.

Sexual harassment shall consist of unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal or physical conduct of a sexual nature when made by any member of the school staff to a pupil, when made by any member of the school staff to another staff member, or when made by any pupil to another pupil, or a pupil to a staff member when;

- A. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education, or when;
- B. Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual, or when;
- C. Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creating an intimidating, hostile, or offensive employment or education environment.

Sexual harassment may include, but is not limited to the following:

- A. Verbal harassment or abuse based on the victim's sex
- B. Pressure for sexual activity
- C. Repeated remarks to a person, with sexual or demeaning implications
- D. Unwelcomed touching
- E. Suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning one's grades, job, etc.

Any person who alleges sexual harassment by any staff member or pupil in the school district may use the procedure detailed in the Affirmative Action Regulation or may complain directly to his/her immediate supervisor or building principal. Other building managers for informal complaints may be designated at the annual sexual harassment prevention meeting held for pupils and staff. Filing of a grievance or otherwise reporting sexual harassment will not reflect upon the individual's status nor will it affect future employment, grades, or work assignments.

The right to confidentiality, both of the complainant and of the accused, will be respected consistent with the school district's legal obligations, and with the necessity to investigate allegations of misconduct and to take corrective action when this conduct has occurred.

A substantiated charge against a staff member in the school district shall subject such staff member to disciplinary action, up to and including discharge.

Rights of Handicapped Persons/Students

Used in this policy and any implementing regulations, "handicapped person" means a person who has, or had, or is regarded or was regarded as having, a handicapping condition; "handicapping condition" means a physical or mental impairment that substantially limits one or more of a person's major life activities and includes specific learning disabilities.

Program

The board directs that all reasonable efforts be made to identify un-served handicapped children of this district eligible for special education and/or related services in accordance with Board Policy 6171.4, *Special Education*. A free appropriate public education shall be provided for each child determined to be in need of special education and/or related services. Such a program of special education shall be provided in the least restrictive environment and in barrier-free facilities comparable to those provided for non-handicapped pupils. To the maximum extent appropriate to the pupil's handicap, a handicapped pupil shall be placed in an educational setting with non-handicapped or less severely handicapped pupils.

No pupil will be denied, because of his/her handicap, participation in co-curricular, intramural, or interscholastic activities or any of the services offered or recognitions rendered regularly to the pupils of this district.

The due process rights of handicapped pupils and their parents/guardians will be rigorously enforced.

Enforcement

The supervisor of special services is designated as Section 504 compliance officer. A complaint regarding a violation of law and this policy employment decision shall be subject to a grievance procedure that provides for the prompt and equitable resolution disputes.

Procedures shall be made available for pupils and/or parents/guardians to file a grievance protesting alleged discriminatory or sexually (or other) harassing action. An immediate report of the allegation should be made to the affirmative action officer or superintendent.

Facilities

The educational program of this district shall be equally accessible to all pupils at each grade level. Barrier-free access to school facilities shall be provided to the extent that no handicap is denied the opportunity to participate in a district program available to non-handicapped persons.

Child Abuse or Neglect

The Board of Education believes that physical and mental wellbeing of all children in its charge must be maintained. School district personnel will cooperate with the Department of Child Protection and Permanency (DCP&P) in identifying, immediately reporting, and in the investigation of all suspected cases of child abuse or neglect. All school employees have received child abuse or neglect in service training. As a result of that training, all school employees who have a reasonable cause to believe that a child has been subjected to child abuse or acts of child abuse will report it immediately to DCP&P as stipulated in New Jersey Statute 9:6-8.10. In addition, the schools will cooperate with DCP&P in the early identification, reporting, and investigation of suspected child abuse cases, whether or not corroborative evidence is available.

Should you wish to know more about the South Plainfield Board of Education's policy regarding child abuse or neglect, please be advised that copies of the policy are available in the administration office and all school buildings.

Internet Acceptable Use Policy

Internet access in the South Plainfield Public Schools offers vast, diverse, and unique resources to both students and staff. The goal in providing this service to staff and students is to promote educational excellence in schools by facilitating and promoting resource sharing, innovation, and improved communication.

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Therefore, students and staff may have access to:

1. Restricted electronic mail (e-mail) communication with people globally for specific class related activities.
2. Information and news from NASA as well as the opportunity to correspond with the scientists at NASA and other research institutions.
3. Public domain software and graphics of all types for school use.
4. Discussion groups on a plethora of topics, ranging from Chinese culture to politics and the environment, so long as they are related to the educational purpose for which the Internet is provided in the District.
5. Access to many university library catalogs, the Library of Congress, and ERIC, a large collection of relevant information for educators and students.
6. Access to INFOLINK, the Eastern Regional Library Cooperative.
7. Graphical access to the World Wide Web, the newest and most exciting access tool on the Internet.

With global access to people and computers also comes the availability of material that may not be considered to be of educational value in the context of the school setting. **Access by all users is restricted to activities directly related to the curriculum adopted by the Board of Education.** The South Plainfield School District has taken precautions to restrict access to controversial materials. However, on a global network, it is impossible to control all materials, and an industrious user may discover controversial information. The School District firmly

believes that the benefit of the valuable information and interaction available on this worldwide network far outweighs the negative aspect of the possibility that users may procure material that is not consistent with the educational goals of the School District.

Internet access is coordinated through a complex association of government agencies and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users, who must adhere to strict guidelines. These guidelines are provided here so that users are aware of the responsibilities that they are about to acquire. In general, this requires efficient, ethical, and legal utilization of the network resources. If users in the School District violate any of these provisions, they will be disciplined according to board policy. By signing the Acceptable Use Agreement parties are bound legally to the Terms and Conditions of the Acceptable Use Policy.

TERMS AND CONDITIONS OF USE OF THE INTERNET

1. **Acceptable Use** – The purpose of the network backbone making up the Internet is to support research and education in and among academic institutions by providing access to unique resources as well as the opportunity for collaborative work. The use of an individual’s account must be in support of education and research and consistent with the educational objectives of the South Plainfield Public Schools. Use of another organization’s network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any national or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret.

2. **Privileges** – The use of the Internet is a privilege and not a right. Inappropriate use will result in a cancellation of those privileges as well as subjecting the user to disciplinary action, up to and including expulsion or termination. Each student or teacher who receives an account will receive specific instructions from a school district staff member pertaining to the proper use of the network. The system administrators will determine the occurrence of what is inappropriate use. Their decision is final. They may close an account at any time as deemed necessary. The administration, faculty, and staff of the South Plainfield Public Schools may request the system administrators to deny, revoke, or suspend specific user accounts whenever inappropriate use occurs. Access will be closely monitored to ensure that use of the Internet is only for **limited educational purposes**.

3. **Network Etiquette** – Users are expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to) the following:

- a. Be polite and use respectful language. Do not use vulgarities or any other profane, abusive, or threatening language.
- b. Do not engage in any illegal activity or inappropriate use of technology, as set forth in this policy and regulation.
- c. Do not reveal any personally identifiable information about yourself or others. Specifically, do not reveal your name(s), personal address, or phone number(s), or name(s), address(es), phone number(s) of other students, friends, relatives, or colleagues.

- d. Note that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do have access to all mail. Messages relating to or in support of illegal activities will be reported to the authorities.
- e. Network users should have no expectation of privacy in the contents of their personnel files, e-mails, computer data, or any other information which is stored, maintained, and transmitted on the District's computer system. The District reserves the right to search these files/data at any time, with or without cause or suspicion.
- f. All communication and information accessible via the network should be assumed to be private property, even though privacy is not guaranteed.
- g. All information obtained from the Internet for research purposes must be cited correctly, using MLA format.

3. Inappropriate Uses of Technology - The following list includes a broad range of categories of misuse. These examples are not meant to be all inclusive, but they are widely recognized by legal and computer experts as inappropriate or illegal functions:

- a. Placing copyrighted material on a network or stand-alone computer without the author's permission or proper license.
- b. Using defamatory, abusive, obscene, profane, sexually oriented, or racially/ethnically offensive language.
- c. Up or downloading pornographic material.
- d. Vandalizing any parts of the system.
- e. Unauthorized access into another person's account, data, school record or systems operation.
- f. Downloading software from the system network or any stand-alone computer.
- g. Creating, deleting, or altering any parts of the system or desk top, such as icons, background, wallpaper, program files, screen savers, etc.
- h. Installing personal software to any network or stand-alone computer.
- i. Using any school computer for commercial or for-profit purposes.
- j. Using any school computer for personal and private business, including chat rooms.
- k. Installing a computer virus.
- l. Receiving, sending, or creating material that is sexist, racist, pornographic, obscene, or threatening.
- m. The use of a diskette or CD ROM without the approval or direct supervision of a system administrator.

4. The South Plainfield School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The South Plainfield Public Schools will not be responsible for any damages suffered by users. This includes, but is not limited to, loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by the users' own negligence or errors or omissions. Use of any information obtained via the Internet is at the users' own risk. The South Plainfield School District specifically declines any responsibility for the accuracy or quality of information obtained through its services. All documents, photographs, spreadsheets, illustrations and any other content placed on the Network by students becomes the property of the District. There is no right to privacy to any document placed on the District Network.

SCHOOL-PARENT COMPACT

The Middle school and the parents of the students participating in activities, services, and programs funded by Title I, Part A of the Elementary and Secondary Education Act (ESEA), agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State's high standards. This school-parent compact is in effect during school year 2020-2021.

School Responsibilities

The Middle School will:

1. Provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating children to meet the State's student academic achievement standards as follows:

The teachers and paraprofessionals meet state and federal certification stipulations. All teaching staff are highly qualified and certified to teach their assigned courses. The schools operate under an approved curriculum which is aligned to the CCSS. Teachers discuss and plan lesson implementation and staff members participate in collaborative learning throughout the school year.

Students that do not meet the State's student academic achievement standards will be placed in our Basic Skills Instruction (BSI) Program. The BSI program responds to a need to strengthen reading, writing, and mathematical skills of students who are struggling to meet grade level expectations. In this program, students receive additional support to learn skills and strategies to help them achieve success. This supplemental program recognizes individual learning differences and strives to build students' competence and confidence.

Provide an environment that is safe and conducive to learning.

2. Hold parent-teacher conferences during which this compact will be discussed as it relates to the individual child's achievement.

Parent teacher conferences will be held on the following dates and at the indicated times:

November 16, 2020 – 1:00-3:00pm & 5:00 – 7:00pm by appointment

March 8, 2021 – 1:00-3:00pm & 5:00 – 7:00pm by appointment

Parents are encouraged to request a conference at any time they deem it necessary.

Report cards will be available to view through the Parent Genesis Portal on our school website: www.spboe.org.

3. Provide parents opportunities to volunteer and participate in their child's class, and to observe classroom activities, as follows:

Parent/guardian volunteers are welcomed and encouraged. Parents who wish to observe classroom activities are encouraged to call the classroom teacher and schedule a mutual agreed upon time to discuss and schedule classroom visits.

Parent Responsibilities

We, as parent/guardian, will support our children's learning in the following ways:

- Ensure that my child attends school daily and arrives at school on time.
- Encourage my child to follow the rules and regulations of the school.
- I will contact my child's teacher(s) if I do not see visible evidence of homework assignments or completion.

- I will limit and monitor the amount of time my child spends on their cell phone.
- I will limit the amount of television my child watches on school nights.
- I will develop a contract with my child aligned with homework completion before watching television.
- I will encourage my child to get involved in a school activity.
- I will stay informed about my child's education and communicate with the school by promptly reading all notices from the school or the school district; both received by my child, by mail or email and responding, as appropriate.

IPM is a holistic, preventive approach to managing pests that is explained further in the school's IPM Policy included with this notice.

All schools in New Jersey are required to have an Integrated Pest Management Coordinator (IPM Coordinator) to oversee all activities related to IPM and pesticide use at the school.

The IPM Coordinator for South Plainfield High School is:

Name of IPM Coordinator: Thomas Wiggins
Business Phone Number: 908-754-4620 extension 8270
Business Address: 125 Jackson Ave South Plainfield, N.J.

The IPM Coordinator maintains the pesticide product label, and the Safety Data Sheets (SDS) (when one is available), of each pesticide product that may be used on school property. The label and the SDS are available for review by a parent, guardian, staff member, or student attending the school. Also, the IPM Coordinator is available to parents, guardians, and staff members for information and to discuss comments about IPM activities and pesticide use at the school.

As part of a school pest management plan the Roosevelt Administration Building may use pesticides to control pests. The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and the DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure.

September 2020

Dear Parents, Teachers, Building Occupants, and Employee Organizations:

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were located, sampled (or assumed) and rated according to condition and potential hazard. Every three years, South Plainfield School District has conducted a re-inspection to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last re-inspection conducted in June 2016 all materials listed in the Management Plan as asbestos containing (or assumed to be asbestos containing) were inspected and found to be in good condition.

The law further requires an asbestos management plan to be in place by July 1989. South Plainfield School District developed a plan, as required, which has been continually updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition.

During the past year, bulk sampling activities and various inspections to comply with the management plan requirements were completed.

It is the intention of South Plainfield School District to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in school district administrative office or administrative office of the school during regular business hours. Mr. Thomas Wiggins, Supervisor of Building and Grounds, is our Designated Asbestos Program Coordinator, and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to him at 908-754-4620, extension 8270.

Sincerely,

Thomas Wiggins
